

# Business as unusual: Empowerment Evaluation

A free webinar for human services organisations  
navigating complexity and uncertainty

## Take the power to evaluate into your own hands with empowerment evaluation

If you are wondering how your organisation, your team or your program are faring and what is important as we take the first steps out of strict social distancing measures, evaluation has a lot to offer.

But it can seem overwhelming, overly resource-intensive and exclusive. Enter empowerment evaluation. It seeks to challenge power dynamics by opening up evaluation to all and encouraging discussion at all levels.

Join us to see how it can make evaluation easy, inclusive and meaningful.
