

Matilda Ralph | Analyst

Matilda joined ARTD in 2026 after completing her studies in Social Science, majoring in Politics and International Relations. Her academic background provides her with insight into the complex and interconnected landscape of government policy, structures, and processes, which she applies to her work in evaluation.

Matilda has supported evaluations through qualitative and quantitative analysis, conducting interviews, and carrying out literature and desktop reviews. She is committed to make a positive difference in the world by working on evidence-based and practical solutions to complex problems.

I am passionate about conducting evaluations of complex policy, services, and systems that is grounded in the lived experience of individuals and communities who are directly impacted.
