

Tuli Keidar | Senior Consultant

Tuli joined ARTD in 2023, bringing diverse expertise—from conducting complex quantitative analyses in neuroscience research to cultivating international supply chain relationships while sourcing coffee across Africa, Latin America, and the Pacific.

A strategic thinker with exceptional analytical capabilities, Tuli seamlessly integrates quantitative rigor with qualitative insight. He thrives on immersing himself in new challenges, fostering meaningful connections, and partnering with clients to help them raise the impact of their work.

As an evaluator, I get parachuted into projects that are wonderfully diverse yet share a vision of making Australia better. My job is to use my curiosity, creativity, and analytical skills to help maximise their impact. What a dream!

Education:

- Bachelor of Psychology (Honours I), University of New South Wales, 2021

Sector experience: Education

Tuli has led and supported evaluations of education initiatives by government and not-for-profit organisations serving disadvantaged communities, as well as capability building initiatives for social enterprises. His work encompasses process and outcome evaluations, qualitative research, and implementation reviews.

- Social Enterprise Development Initiative Evaluation (Department of Social Services, 2025–2026)
- Growing Careers Project Implementation Review (The Smith Family, 2024–2025)
- NSW Curriculum Reform Evaluation Support (NSW Department of Education, 2023–2025)
- Access to Early Learning Program Evaluation (Vic Department of Education, 2023–2024)
- Get Back in the Game Evaluation Support (NSW Department of Education, 2023–2024)

Sector experience: Health and wellbeing

Tuli has conducted both quantitative and qualitative research across various health sector projects. He has developed data collection instruments, produced literature reviews, and performed rigorous quantitative analyses to support evidence-based outcomes.

- Safe and Well Kids program evaluation (South Australian Office for Women, 2025–2026)
- Families Capacity Building Project Evaluation (eSafety Commissioner, 2023–2024)
- iCanQuit Digital Implementation Evaluation (Cancer Institute NSW, 2024–2026)
- GP Antenatal Shared Care Process Evaluation (Central Eastern Sydney PHN, 2024)
- Consultation on Disaster Mental Health Implementation (National Emergency Management Agency, 2023–2024)

Sector experience: Environment and disaster resilience

Tuli has contributed to projects in the environment and disaster resilience sector both ARTD and during his previous role as a researcher at Western Sydney University.

- Evaluation of the Northern Australian Biosecurity Strategy (Department of Agriculture and Fisheries, 2024)
- Consultation on Disaster Mental Health Implementation (National Emergency Management Agency, 2023–2024)
- Building Resilient Australian Communities (research project funded by James Martin Institute for Public Policy, carried out by WSU, 2023–2024)
