

Keely Mitchell | Manager

Keely is passionate about engaging in meaningful work that will have an impact on the wider community. She has led evaluations, reviews and developed strategies across that often-cross sectors, including financial counselling, disability, education, environment, health and mental health and criminal justice.

Keely is skilled at ensuring stakeholders' views are accurately heard and reflected, balanced with the nuances of the strategic context. She has a background in media and communications and bring these skills to her work.

I love connecting with people to understand a broad range of views and insights. I value our unique position as evaluators to deliver insights that will improve programs and services, and ultimately better serve stakeholders.
